ARTICLE VIII - Anne Verge, Selectman, moved that the Town authorize Selectmen to hire money in anticipation of taxes, seconded by William Courtney and voted in the affirmative.

It was seconded by Peter Bryant and so voted.

SOUTH HAMPTON TOWN REPORT

ARTICLE XXIII - Anne Verge, Selectman, moved that the Town raise and appropriate the sum of \$6,000. to defray legal expenses for the ensuing year, specifically associated with the Town's actions to prevent the construction of overhead transmission lines, seconded by Tom Harlow. Walter Hill commented that he would not like to see the Town pay this expense when we have the "Society" supporting it. Mrs. Verge explained that because of the rerouting of the lines, the Selectmen felt this expense was necessary - property values will be lowered and they anticipate the possibility of additional lines being routed through in 10 - 15 years. John Gamble suggested getting together with the other towns fighting this. Mrs. Verge stated that because of the dispute over the lines with Kensington, this is not possible. The Selectmen also feel the "Society" is not a duplication of service. Robert Fraser, Budget Committee member felt it essential to have this money available. William Carey stated the Town must be represented to give credibility. The article was then voted and passed.

ARTICLE XXIV - Transaction of other business:

Peter Martin suggested a vote of thanks for Ernest Bonah's years of service to the Town.

Ed Hess commented that this was his last year as Fire Chief and that he had enjoyed his years of service. Ed Condon read a letter of appreciation for Ed's service to the Fire Department from the members of the Department.

Wallace Verge expressed the Town's appreciation for Fred Anderson's work on the Master Plan.

Ellen Cressy, Conservation Commission member, urged that Townspeople apply for vacancies on the Conservation Commission. She felt it may help to have a strong commission in our fight of the power lines.

Lutz Wallem moved that the Town pay property taxes in two installments, seconded by Peter Bryant. It was mentioned that this would save the Town interest on borrowing and would benefit the taxpayer as well. It was voted and passed.

Peter Bryant moved that the Town continue the Committee appointed to investigate the acquisition of the Old Currier Farm (Vozzella property) for use as a Town Hall Annex, seconded by William Courtney and so voted.

William Courtney made a motion that the Town appropriate funds to erect signs prohibiting alcoholic beverages and loitering in the Stockman Bridge area, seconded by Peter Martin. Peter Martin amended the motion to include the Ballpark. Peter Oldak moved to expand the amendment to allow police the discretion to place signs in areas of abuse. Peter Bryant moved that the Selectmen enact an ordinance to prohibit drinking and loitering in any public place, seconded by Sally Bryant. The original motion and amendments were withdrawn and the motion that the Selectmen enact an ordinance to prohibit drinking and loitering in public places was voted and passed.

Ernest Bonah moved to adjourn the meeting, seconded by Peter Martin and so voted.

Sworn in at open meeting by Moderator, Horace Cressy, were: Karen Macaulay, Supervisor of the Checklist; Walter Shiviak, Selectman; John Santosuosso, Highway Agent and Constable.

Respectfully submitted,

SOUTH HAMPTON TOWN REPORT

REPORT OF THE SELECTMEN

For most townspeople the most significant thing to occur during 1982 was the increase in real estate taxes. During the annual school and town meetings, virtually all budget items passed despite the prediction that taxes would increase dramatically. In addition to the increased school and town budgets, real estate taxes were adversely affected by a 54% increase in county taxes and a reduction in revenues from the state and from local sources.

South Hampton has always enjoyed one of the lowest combined real estate tax rates and assessment in the State of New Hampshire. In recent years, however, we have appropriated more and more funds and once started this trend is very difficult to reverse. There are many costs such as the county taxes, high school tuition payments, and snow removal that are outside of our direct control. Revenues from car registrations and from the various state taxes are uncertain. It is therefore extremely important that all townspeople attend the annual school and town meeting to be certain that budget appropriations are warranted.

During the past year the Selectmen have continued the fight to keep the Seabrook Station high voltage transmission lines out of the town. Early in the year we appeared before the New Hampshire Supreme Court with mixed results. We were unsuccessful in our attempts to force the Site Evaluation Committee to reopen hearings relative to the southerly route which will pass through the center of town. We were, however, successful in blocking Public Service Company's attempt to reroute the westerly line in South Hampton along Highland Avenue.

This past summer the town appeared before the Nuclear Regulatory Commission and was granted intervenor status in the hearing which will be held during 1983. These hearings will determine whether or not Seabrook obtains an operating license. South Hampton is the only municipality in both New Hampshire and Massachusetts to be given this status. Basically intervenor status allows the town not only the opportunity to state our case against the power lines, but also to directly question participants in the hearing including Public Service Company of New Hampshire.

While we cannot guarantee that our fight will be successful and without question, our attempts have been expensive and we are still firmly convinced that the town should continue its opposition to the lines. If the lines are erected they will become a permanent part of our landscape.

The Board of Selectmen meet in open session at the Selectmen's Office in the Town Hall on the second and fourth Tuesdays of each month at 7:30 P.M. At this time, in addition to its regular business of overseeing the operation of the town, the Board is available to discuss matters with individual residents.

Chimney Fires	7
Illegal Burnings	3
Medical Emergencies	4
Mutual Aid Calls	6
Alarm Activations	1
Toaster Fires	1
Furnace Fires	1
Stove Fires	1
Car Fires	1
Sawmill Fires	1
Brush Fires	5
Total Calls	36

Three oil burner permits were issued in 1982.

As Fire Chief, I hope I have the Town's support in preventing the use of unvented space heaters. They pose a danger to fire and the possibility of suffocation if used in homes that are air-tight or close to it. With the cost of oil as it is, I know these are tempting, but the few pennies saved may not be worth it if you have to pay with the loss of a life.

I would like to thank the following men for all the support and respect they have given me as Fire Chief. I hope I can count on them again in 1983. John Gamble, Paul Morris, Daniel Goldthwaite, Donald, Morse, Frank Moore, James Dion, Bill Brousseau, Fred Kozarka, Herbert Dodge, John Clark and David Clark. I would appreciate anyone else who would be interested in joining the department and if you think you might be call Chief Ed Condon at 394-7806.

Please remember! If you wish to install a wood stove, it must be inspected by the Fire Department. If you have any questions, call

REPORT OF TOWN FOREST FIRE WARDENS AND STATE FOREST RANGER

Forest fire prevention, our business, your business, good business! This slogan has been the motto of the N.H. Division of Forests and Lands, Forest Fire Service since 1909 when the first forest fire laws were passed by the Legislature.

These laws set in place a cooperative forest fire protection program of State and local forest fire personnel that has, in the past 75 years, established New Hampshire as a leader in forest fire prevention and control. Our annual acreage loss to forest fires of one-half acre per fire is the best in the nation. This fire record has come about through the cooperative efforts of our state/town forest fire protection program. The state provides detection of fires, training for local forest fire wardens, low cost forest fire suppression equipment to local fire departments, and technical advice at the fire ground. Local governments provide the volunteer fire fighters who are appointed as wardens and deputy wardens and who respond quickly to suppress reported forest fires.

This program has resulted in a steady decline in annual acres lost to forest fires since 1910 when the average fire burned 33 acres compared to the modern day loss of one-half acre per fire.

Only by the continued cooperation of the State/towns and our entire citizenry can this record be maintained.

POLICE DEPARTMENT REPORT

1982 has been somewhat hectic for this department. There has been a sharp increase in vandalism to residential property, caused mostly by people using cars. As many of you know, damage has been done to lawns and mailboxes, occurring most often in the early morning hours after midnight. Patrols using unmarked cars have been started on a random basis at odd hours in an attempt to cut down on these problems but it is hard to know when and where incidents will happen. Anyone who observes this type of activity is asked to please report it. Unlike some surrounding towns, our burglary rate was down from past years. I covered only 2 burglaries this year and arrested 2 persons clearing one burglary here and breaks in Newbury, Newburyport and Amesbury, Mass. as well as recovering several stolen items. Incidents involving weapons are also occurring more frequently than ever before. We had a stabbing and 2 disturbances involving guns in South Hampton alone, and we have been called out to help search for subjects on numerous occasions in surrounding areas involved in family disturbances (domestics), assaults, rapes and robberies involving armed subjects. This type of activity seems to be increasing every year. Parties on roadsides and on public and private land in out of the way areas of town involving alcohol are increasing to the point where I believe we will have to adopt a public drinking town bylaw. (there is no state law to cover such problems)

The 1972 Chevrolet cruiser has served the town well, but is deteriorating badly after 3 years service. The engine and transmission are good but the body, suspension and other parts will need a major overhaul if the car is to be kept in service. I am looking into possible government financial assistance which might be available to pay part of the cost of a replacement vehicle if the town decides to replace the present cruiser. This department has been struggling with a lot of out of date equipment. At present we have almost nothing to work with so it is very hard to function as a working department. We have a few dedicated people trying their best to do a difficult job.

For 1983 I would like to see this department come up into the "20th Century" We have people willing to work but they have to have the tools to work with. The State of N.H. now requires that regular part-time police officers pass a 9-part test or go to school until they do pass the test at which time they are certified by the state. This is very important because it protects you as taxpayers from liability and lawsuits due to employment of untrained officers. The laws are constantly changing and we have to keep up with the changes. This costs money for insurance, training, equipment and increased wages to compensate people willing to put in the time required to be trained. This cost however, is nowhere near what the cost could be if we are found negligent due to employing untrained persons. Training takes a lot of time and work for officers and your support in providing equipment and compensation is needed. With your support we can have a working police department you can be proud of. We are doing our best with what we have but it just isn't enough. We cannot depend on the Sheriff's Dept., State Police, and surrounding agencies as we did in years past. They are there to help and do help when we need them but they can't be our primary law enforcement force. Our thanks go to all of you for your help throughout the year.

SOUTH HAMPTON TOWN REPORT

All calls are now being routed through the Rockingham County Sheriff's Dept. Dispatch. It is manned 24 hours a day and has radio contact with all local, state and county cruisers. If a South Hampton unit is not available when you call, a nearby town, state police, or sheriff's unit will respond in an emergency. This is much better than calling an officer's home and getting no answer because the officer is not home. When you call dispatch try to give as much information as you can, location and type of problem, description of persons and vehicles involved and the plate number of the vehicle if possible. The dispatcher will ask your name and number. This is so that you can be called back if necessary to give directions to units responding from out of town etc. Something that may seem unimportant to you could be the small bit of information needed in solving something. Many crimes are cleared by information from citizens such as yourself. Remember to call if you are going to be away on vacation so we can check your home. The number you should call if you need police assistance is 772-4716. I am looking forward to working with you all as Chief of Police.

Respectfully submitted,
William J. Battles, Chief

We also showed 7 films from the State's Collection. The summer reading program "The Bookworms" was enjoyed by many and ended with a "make your own sundae" party. The Seacoast Co-Op has started an fiction depository and the City of Portsmouth has given the Co-op the use of a climate controlled room in the old court house. The Seacoast Co-op card is still availbe to responsible patrons. This card is good for the 11 libraries in the co-op.

SOUTH HAMPTON TOWN REPORT

SOUTH HAMPTON LIBRARY TRUSTEES REPORT For Year Ending 1982

Due to State budget cuts, the responsibility for providing the accustomed library services falls directly on the librarian, Mrs. Carole McCarthy, who is coping very ably, considering the substantial increases in book and magazine circulation. It involves more time and traveling than ever before, as well as more dependence, financially, on the residents of the Town through their support of the Friends of the Library.

Two new books were donated to the Library in memory of a good neighbor and Friend, Mrs. Ella Currier NEW HAMPSHIRE given by Mr. and Mrs. Charles Dennett, and "Woodstove Cooking" by the Friends of the Library.

The Library has acquired two much-needed file cabinets and the loan of a large magazine rack, at no cost.

Friends of the Library have begun a practice of sending "Sunshine Bags" to young "shut-ins" - a Library bag filled with 'things-to-do' and good wishes for a speedy recovery. Librarian Carole McCarthy is in charge and should be notified in the case of Pre-schoolers.

Mrs. Audrey Brunet has been doing an excellent job with our over-due books. It takes a great deal of her time and we appreciate her diligence and dedication, as well as the very satisfactory results. It has been ruled that court action will be taken in the cases of those who, so far, have not made restitution.

The coffee hour held for parents of school children on the first day of school was so well-attended, it will surely become a yearly event.

Another well-attended event was the Halloween party organized by Mrs. McCarthy and a committee of mothers. Their efforts were well rewarded -standing room only!.

Our thanks to all those who help the library in so many ways: with donations of books and magazines;

SOUTH HAMPTON TOWN REPORT

volunteers who staff the library on Monday evenings; good neighbors who provide library services to the elderly and shut-ins; and to the Friends of the Library for the magazine covers, which surely help borrowers to identify library property more easily and have proved very effective in that way, and for funding the summer reading program.

SOUTH HAMPTON TOWN REPORT

SOUTH HAMPTON SCHOOL DISTRICT SCHOOL BOARD REPORT

TO THE TOWNSPEOPLE OF SOUTH HAMPTON, NEW HAMPSHIRE:

This board submits the following report on the management of your school for the fiscal year 1982. In the first half of this narrative report we would like to address concerns and issues expressed by townspeople regarding the cost of schooling.

BUDGET

As board members we are constantly aware of our responsibilities, as elected officials, to be sensitive to costs and the financial strain on taxpayers and also to insure a good education for students in South Hampton.

Over the past three years we believe that the School Board has shown fiscal responsibility in cutting budget costs in all areas that we have control over. There are areas such as: fixed charges, tuition, contracted transportation, salaries, etc., that cannot be arbitrarily cut.

Last year the School Board, Selectmen and all town department heads met and discussed concern over the projected tax increase for 1982. Everyone was asked to "tighten their belts" and cut their budgets. The School Board had met previous to this and cut approximately \$4,000 from the budget. We met again after this meeting and cut another \$10,000 by eliminating any a lowance for extra high school students and cutting back costs in other areas to hold the line on any spending. We were the only board to make cuts in recognition of the concern over the projected tax increase.

This year the School Board met and cut \$11,547 from the principal's proposed budget. Some areas the School Board cut are as follows: to keep operating and instructional material costs to last years figures; the elimination of the musical singing program/teacher; field trip costs were decreased as were many small accounts. The cost of special education transportation has decreased substantially due to researching a different method of transporting these students. The School Board allowed for a five per cent increase for salaries as that was the last figure given during negotiations. In essence, we scrutinized every account and decreased all to what we feel is the "bare minimum".

As you will see on our proposed budget, the Budget Committee recommended \$315,186 as a total budget for 1983-84. This represents \$9,142 less than the School Board proposed budget. The Budget Committee feels the school board should keep costs for 1983-84 to what was budgeted in 1981-82. We strongly oppose this recommendation as it is unreasonable to expect the school district budget this year to be the same as it was two years ago.

SOUTH HAMPTON TOWN REPORT

Page 2

SO. HAMPTON SCHOOL BOARD REPORT

In conclusion, we on the School Board have worked hard to present a budget that is a \$7,016 decrease from this years budget and believe any further reduction would not be in the best interest of the education of South Hampton students.

ARTICLE #1

The School Board would like to enter into a one year renewable contract with Amesbury for the education of our high school students to insure that this will be the designated source of grade 9-12 education. If parents want their child to go to any other public high school, they may still petition the School Board to do so but will be responsible for their own transportation.

There has been concern by townspeople in regards to the school board's decision to pay the higher tuition rate to Sanborn instead of charging the parents the extra amount. We on the School Board made the decision to pay the full tuition amount upon advise from the State Department of Education that when a board gives permission to attend a different public high school, they are obligated to pay the full tuition.

ARTICLE #2

This article is not recommended by the school board or by the Budget Committee. It was requested by a signed petition. The School Board has calculated the cost for this article at \$7,200 per year. We feel this transportation is the responsibility of the parents and not the School District.

In closing, we would like to extend our thanks to the Barnard School Trustees who have continued to keep the building in good repair, and to the administrator and staff of Barnard School for providing South Hampton students with a very successful elementary education.

Respectfully submitted,

Patricia K. Nelson - Chairperson
Walter M. Hill

SOUTH HAMPTON TOWN REPORT

South Hampton, N.H.
March 2, 1982

The Annual South Hampton School District Meeting was called to order at 8:03 p.m. by Moderator, Horace Cressy with 37 people in attendance. The warrant now attached to page 236 was read.

Thomas Harlow made the motion "to allow the representatives from SAU #21 and Terry Marinos speak on matters of fact if called upon", Audrey Miller seconded.

ARTICLE I

Patricia Nelson moved that this article be accepted as read. Lawrence Baker seconded. Mrs. Nelson explained that this amount represents all unanticipated expenses in the salary account, special Education and substitutes accounts. After discussion, this article was voted in the affirmative.

ARTICLE II

Lawrence Baker moved that the District raise and appropriate the sum of \$331,344 for the support of the schools etc. Walter Hill seconded. Mr. Baker gave a breakdown and explanation of the entire budget and answered any questions by townspeople. Mr. Bonah spoke as a selectman and said this amount would reflect a 10% increase in taxes. Paul Morris, as custodian, questioned two items. After much discussion, the moderator ruled him out of order and stated this was not the place to discuss his job. This article was then voted in the affirmative.

ARTICLE III

Walter Hill moved that this article be accepted as read. Mr. Baker seconded. This article voted in the affirmative.

ARTICLE IV

Michael Santosuosso suggested to the board that the negotiations committee should be aware of what accumulative sick days can do to a budget. With no other business to transact, Ernest Bonah moved to adjourn the meeting at 9:40 p.m. seconded by Ann Verge.

Respectfully submitted,

Audrey G. Brunet, Clerk

SOUTH HAMPTON TOWN REPORT

I hereby submit my annual report for 1983.

We are all familiar with the state of the economy on the national level and the trickle down effect this has on the budgets of the town and school district of South Hampton. Be assured that your boards of governance are doing whatever possible to lessen the impact of an unstable financial picture.

The staff of the Barnard School has been hard at work maintaining an excellent academic program.

The language offerings in grades five and six have been scrutinized and revitalized.

The social studies program in those grades have also had extensive examination and revision.

Mathematics continues to be a major area of concern. Changes are ongoing both in methods of presentation and materials.

Computers have had a big impact on our school as well as our everyday life.

The Borg-Warner Systems 80 is used in the lower grades as an instructional tool.

Our students in grades five through eight have the TRS-80 available. It is used to learn the basics of the computer as well as an aide to regular instruction.

The Barnard School is a good school in that it is staffed by competent and caring professionals. Your support of them is much appreciated.

Respectfully submitted,

Richard C. Hamilton, Ed.D.
Superintendent of Schools
